the re-designed Wolfe's Den Playground will use approximately **75,000 lbs of RECYCLED** plastic? That's ensuring that approximately **466,818** Milk Jugs don't get thrown away or wind up in a landfill. If laid down end to end, that would be enough milk jugs to stretch from **Monroe to Boston!**

# 2021 / 2022 Monroe Playground Foundation Board of Directors

**How** do you properly express your gratitude and admiration for those whose time, energy and dedication gave us the Kids Kreations Playground? Since 1992, generations of children have played, countless families have come together and lifelong friendships and memories have been made at this treasured site...we thank those whose steps we now walk in as we attempt to re-create the magic and wonder of the original Kids Kreations builders and give to generations to come, that which was given to us. .
